Remarks

Impeccable maintenance is clearly evident as you approach this newly listed North Wilmington home. This ranch styled home has one floor living in a small established community. The owners have completed many updates, upgrades and improvements over the years. Backing to a wooded area, you'll enjoy nature in the privacy of the true 4 season sun porch. All the classic solid construction you expect in a home of this vintage gives you peace of mind. The roof, HVAC and most windows have been upgraded. Even the eat-in kitchen has undergone not one, but 2 renovations! You'll find HW floors protected by carpet throughout, and upgraded bathrooms as well. A whole house surge protector and a whole house generator keep everything running smoothly in the event of stormy weather. Most exterior elements have been replaced with maintenance free materials. Talk about carefree living! The 2 car side entry garage offers abundant storage space, as does the expansive unfinished basement with 2 sump pumps. Come make this house your home!
